

CPIA Exam Key References and Study Resources

The key references and study aids listed below may assist in preparing for the Certification Examination for Professionals in IACUC Administration. These references and resources include information of significance to IACUC administrators and animal research protection programs. Inclusion of references on this list does not constitute an endorsement by the CPIA Council or PRIM&R of specific professional literature which, if used, would guarantee candidates' successful passing of the certification examination.

These publications are listed as general resources that include information relevant to the Body of Knowledge/Content Outline required for this certification. In preparing for the Exam, applicants should focus on those sections of these materials that relate to IACUC administration and the Body of Knowledge/Content Outline in the CPIA Handbook.
